SM Thompson Ltd

CNC PRESS BRAKING

YOUR COMPLETE ENGINEERING PARTNER

100T, 400T & 500T PRESS BRAKES
PRESSING CAPACITY UP TO 4,000MM WIDE

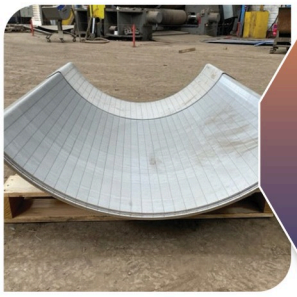
MATERIALS

Mild Steel including S690 · Stainless Steel
Aluminium · Abrasion Resistant Plate
Boiler Plate & more

We can also bend your free issue material.

WHAT WE CAN PRODUCE

- Angles
- Channels
- Brackets
- Digger Bucket Parts
- Segments
- Structural Components
- Wear Parts



Combine with our in house profiling services

FULL TRACEABILITY
from start to finish

- Quote to order tracking
- Real-time job progress updates
- Full material traceability
- Quality records & certifications - ISO 9001 & EN 1090
- Clear communication every step of the way

From Steel Stock, to Profiles, to Bending.

OVER 75 YEARS OF ENGINEERING EXCELLENCE
